DEFINITIONS AND FORMS

**§ 10.5 What definitions apply to these regulations?**

Certain words and phrases found in this part are defined in this section or in the FECA. Some other words and phrases that are used only in limited situations are defined in the later subparts of these regulations.

(a) *Benefits* or *Compensation* means the money OWCP pays to or on behalf of a beneficiary from the Employees' Compensation Fund for lost wages, a

loss of wage-earning capacity or a permanent physical impairment, as well as the money paid to beneficiaries for an employee's death. These two terms also include any other amounts paid out of the Employees' Compensation Fund for such things as medical treatment, medical examinations conducted at the request of OWCP as part of the claims adjudication process, vocational rehabilitation services, services of an attendant and funeral expenses, but does not include continuation of pay.

(b) *Beneficiary* means an individual who is entitled to a benefit under the FECA and this part.

(c) *Claim* means a written assertion of an individual's entitlement to benefits under the FECA, submitted in a manner authorized by this part.

(d) *Claimant* means an individual whose claim has been filed.

(e) *Director* means the Director of OWCP or a person designated to carry out his or her functions.

(1) Gross earnings or wages before any deductions and includes the value of subsistence, quarters, reimbursed expenses and any other goods or services received in kind as remuneration; or

(2) A reasonable estimate of the cost to have someone else perform the duties of an individual who accepts no remuneration. Neither lack of profits, nor the characterization of the duties as a hobby, removes an unremunerated individual's responsibility to report the estimated cost to have someone else perform his or her duties.

(h) *Employee* means, but is not limited to, an individual who fits within one of the following listed groups:

(1) A civil officer or employee in any branch of the Government of the United States, including an officer or employee of an instrumentality wholly owned by the United States;

(2) An individual rendering personal service to the United States similar to the service of a civil officer or employee of the United States, without pay or for nominal pay, when a statute

## § 10.5

authorizes the acceptance or use of the service, or authorizes payment of travel or other expenses of the individual;

(3) An individual, other than an independent contractor or an individual employed by an independent contractor, employed on the Menominee Indian Reservation in Wisconsin in operations conducted under a statute relating to tribal timber and logging operations on that reservation;

(4) An individual appointed to a position in the office staff of a former President; or

(5) An individual selected and serving as a Federal petit or grand juror.

(i) *Employer or Agency* means any civil agency or instrumentality of the United States Government, or any other organization, group or institution employing an individual defined as an “employee” by this section. These terms also refer to officers and employees of an employer having responsibility for the supervision, direction or control of employees of that employer as an “immediate superior,” and to other employees designated by the employer to carry out the functions vested in the employer under the FECA and this part, including officers or employees delegated responsibility by an employer for authorizing medical treatment for injured employees.

(n) *Knowingly* means with knowledge, consciously, willfully or intentionally.

(o) *Medical services* means services and supplies provided by or under the supervision of a physician. Reimbursable chiropractic services are limited to physical examinations (and related laboratory tests), x-rays performed to diagnose a subluxation of the spine and treatment consisting of manual manip-

ulation of the spine to correct a subluxation.

(p) *Medical support services* means services, drugs, supplies and appliances provided by a person other than a physician or hospital.

(q) *Occupational disease or Illness* means a condition produced by the work environment over a period longer than a single workday or shift.

(r) *OWCP* means the Office of Workers’ Compensation Programs.

(s) *Pay rate for compensation purposes* means the employee’s pay, as determined under 5 U.S.C. 8114, at the time of injury, the time disability begins or the time compensable disability recurs if the recurrence begins more than six months after the injured employee resumes regular full-time employment with the United States, whichever is greater, except as otherwise determined under 5 U.S.C. 8113 with respect to any period.

(v) *Qualified physician* means any physician who has not been excluded under the provisions of subpart I of this part. Except as otherwise provided by regulation, a qualified physician shall be deemed to be designated or approved by OWCP.

(w) *Qualified provider of medical support services or supplies* means any person, other than a physician or a hospital, who provides services, drugs, supplies and appliances for which OWCP makes payment, who possesses any applicable licenses required under State law, and who has not been excluded under the provisions of subpart I of this part.

(x) *Recurrence of disability* means an inability to work after an employee has returned to work, caused by a spontaneous change in a medical condition

which had resulted from a previous injury or illness without an intervening injury or new exposure to the work environment that caused the illness. This term also means an inability to work that takes place when a light-duty assignment made specifically to accommodate an employee's physical limitations due to his or her work-related injury or illness is withdrawn (except when such withdrawal occurs for reasons of misconduct, non-performance of job duties or a reduction-in-force), or when the physical requirements of such an assignment are altered so that they exceed his or her established physical limitations.

(y) *Recurrence of medical condition* means a documented need for further medical treatment after release from treatment for the accepted condition or injury when there is no accompanying work stoppage. Continuous treatment for the original condition or injury is not considered a "need for further medical treatment after release from treatment," nor is an examination without treatment.

(2) *Year beyond the high school level* means:

(i) The 12-month period beginning the month after the individual graduates from high school, provided he or she had indicated an intention to continue schooling within four months of high school graduation, and each successive 12-month period in which there is school attendance or the payment of

compensation based on such attendance; or

(ii) If the individual has indicated that he or she will not continue schooling within four months of high school graduation, the 12-month period beginning with the month that the individual enters school to continue his or her education, and each successive 12-month period in which there is school attendance or the payment of compensation based on such attendance.

(dd) *Temporary aggravation* of a pre-existing condition means that factors of employment have directly caused that condition to be more severe for a limited period of time and have left no greater impairment than existed prior to the employment injury.

(ee) *Traumatic injury* means a condition of the body caused by a specific event or incident, or series of events or incidents, within a single workday or shift. Such condition must be caused by external force, including stress or strain, which is identifiable as to time and place of occurrence and member or function of the body affected.
